

# EARTH JUICE

- ✓ HYDROPONIC
- ✓ BLOOM BOOSTERS
- ✓ SOIL NUTRIENT
- ✓ BASE NUTRIENTS

**EARTH JUICE** offers a diverse selection of premium fertilizer products to meet the nutritional demands of all plants. Its products are crafted to suit every soil type & hydroponic gardening. Earth Juice has been recognized as one of the finest lines of quality plant products for more than two decades.

## AVAILABLE SIZES

**HI-BRIX:** 1 QT, 1 GAL, 2.5 GAL, 5 GAL, 55 GAL  
**XATALYST:** 1 QT, 1 GAL, 2.5 GAL, 5 GAL, 265 GAL  
**OILYCANN, EARTH JUICE GROW & BLOOM:**  
 1 QT, 1 GAL, 2.5 GAL, 5 GAL

## EARTH JUICE LIQUIDS & ADDITIVES

### HI-BRIX

**HI-BRIX** is a natural source of carbohydrates and plant nutrients made with pure, premium grade unsulfured sugar cane molasses. Hi-Brix has a 72% Brix level, making it the best choice at the best value for plant carbohydrates. Compatible with indoor & outdoor plants in soil or hydroponics, and ideal for brewing plant teas.

### XATALYST

**XATALYST** is all-natural liquid formula made from molasses, kelp, bran, and yeast designed to aid in plant growth and production. Compatible with all fertilizers and hydroponic nutrients, Xatalyst can be used throughout the plant's life cycle and works great as a ripening additive.

### OILYCANN

**OILYCANN** is a natural liquid calcium, magnesium, and humic acid supplement formulated with zero nitrogen. Recommended for flowering and fruiting plants that require an increase in calcium and magnesium for improved quality and quantity of yields. Additional humic acid aids with nutrient uptake. Compatible with indoor and outdoor soil or hydroponic grows.

### EARTH JUICE GROW & BLOOM

**EARTH JUICE GROW** is an all-natural, non-burning stem and leaf growth formula compatible with any soil type. This formula contains no fish byproducts, and can even be used throughout the full plant life cycle as a one-product solution.

**EARTH JUICE BLOOM** is a liquid all-natural plant food for flowering plants. It aids in the development of large yields for flowers, fruits, and vegetables, promoting vigorous production of essential oils, resins, and fragrances. Bloom is a non-burning formula that contains no fish, just like Grow.

Grow & Bloom are recommended for hand feeding applications and are not compatible with drippers or hydroponics.

## LOOKING FOR THESE?

- ✓ EARTH JUICE MICROBLAST
- ✓ EARTH JUICE BIG BLOOMIN'
- ✓ EARTH JUICE META-K
- ✓ PRIMAL HARVEST

## BLOOM MASTER

A water-soluble bud'n'bloom booster with rock phosphate and steamed bone meal. **BLOOM MASTER** is a super concentrated water-soluble bud and bloom plant food and booster designed to increase the production of blooms and improve the development of essential oils, resins and fragrances. Earth Juice

Bloom Master is formulated to be used on indoor or outdoor plants in hydroponic systems and soil.

## RAINBOW MIX PRO GROW & BLOOM

**RAINBOW MIX PRO** is an all-natural dry granular fertilizer line with 29 strains of beneficial bacteria and mycorrhizae and additional humic acid.

Each formula can be used by amending into the soil prior to planting, broadcast application, or as a plant tea for indoor and outdoor plants. Rainbow Mix products are non-soluble - apply using only the recommended methods.

For stem and leaf growth, Rainbow Mix Pro Grow is a user friendly, non-burning solution.

For flowering and fruiting plants, Rainbow Mix Pro Bloom is a convenient and effective solution to supporting a bountiful harvest without the downsides of traditional flowering fertilizers.

## EARTH JUICE CRYSTAL pH UP & DOWN

**CRYSTAL pH UP & DOWN** are highly concentrated dry pH adjusters that eliminate the use of harsh, synthetic, and messy liquid options.

Use to adjust the pH of fertilizers and plant micronutrient foliar solutions.

## SEABLAST DRY NUTRIENT SYSTEM

**SEABLAST NUTRIENTS** from Earth Juice are highly concentrated hybrid formulations designed to meet the nutrient requirements for even the most aggressive plants through all phases of plant life. Compatible with hand feeding, drip systems, and sprayers, SeaBlast products are a must-have for serious growers wanting to reap the benefits of both all-natural and conventional fertilizers.

## SEABLAST GROW

Formulated with seaweed, rock phosphate, bone meal, and micronutrients, **SEABLAST GROW** promotes the development of sturdy stems and lush leaf growth.

## SEABLAST TRANSITION

**SEABLAST TRANSITION** is an exclusive plant food formulated to promote stem and leaf growth while supporting the development of buds and blooms and the production of essential oils, resins, and fragrances.

## SEABLAST BLOOM

Plant food containing seaweed, rock phosphate, steamed bone meal, and micro-nutrients, **SEABLAST BLOOM** enhances buds and blooms.

### AVAILABLE SIZES

**BLOOM MASTER:** 3 LB, 7 LB, 20 LB, 40 LB

**RAINBOW MIX PRO GROW & BLOOM:**

5 LB, 20 LB, 40 LB, 2000 LB

**CRYSTAL pH UP:** 2 LB, 10 LB, 30 LB

**CRYSTAL pH DOWN:** 1.6 LB, 8 LB, 30 LB

**SEABLAST GROW, TRANSITION & BLOOM:**

2 LB, 5 LB, 20 LB, 40 LB
