

GEOFLORA BLOOM is an **organic based blend of 19 high-quality inputs** formulated to provide optimal macronutrients and secondary nutrients in a **dustless, easy-to-apply granule**. The granules provide diverse nitrogen, phosphorous, and potassium sources that support growth and fertility throughout flowering.

GEOFLORA BLOOM's granulated form factor helps ensure that the fertilizer **goes into the soil, not into lungs or the air**.

DIRECTIONS FOR USE:

AMENDING: Mix 8oz. of GEOFLORA BLOOM per cubic foot of growing medium prior to transplant.

For small applications, use 1oz. of GEOFLORA BLOOM per 1 Gallon prior to transplant. For soil amending purposes, apply 1oz. of GEOFLORA BLOOM per square foot.

TOP DRESS: As a top dress, apply 8oz. of GEOFLORA BLOOM per cubic foot of growing medium every two weeks (14 days). Water in thoroughly after application. Stop use 2 weeks prior to harvest.

BLOOM

Expiration Date:

NET WEIGHT
