WHY USE GRASSHOPPER

The **GRASSHOPPER** is an all-in-one weighing, packing, and filling tool made from durable, long-lasting, FDA approved food-grade materials, with a non-stick interior that cleans quickly and easily. Compatible with most storage bags and scales, the Grasshopper saves time by improving the speed, precision, and efficiency of the weighing and packing of finished products.

HOW TO USE GRASSHOPPER

- 1 Remove the detachable funnel lid and place it funnel-side down **ON YOUR SCALE**.
- 2 The handled bucket fits perfectly into the inside of the lid so you can **TARE THE EMPTY UNIT**.
- 3 Grab the handle, **SCOOP YOUR PRODUCT** to the pre-measured fill line, and place it back onto the lid to adjust your total weight.
- 4 **RE-ATTACH THE LID**, slide your turkey bag or vacuum seal bag onto the funnel, **FLIP AND FILL!**

FUNNEL LID QUICKLY LOCKS FOR SECURE FILLING
