

GREEN PLANET NUTRIENTS®

- ✓ HYDROPONIC NUTRIENT
- ✓ SOIL NUTRIENT
- ✓ BOOSTERS & ENHANCEERS
- ✓ BASE NUTRIENTS

GREEN PLANET NUTRIENTS' mission is to offer environmentally conscious, nature-inspired nutrients to cultivate a greener world for all to enjoy. For Green Planet Nutrients, it has always been and will always be about the quality and purity of their products.

Green Planet incorporates their 25 years of craft-growing knowledge into the production of their innovative and ethically sourced nutrients. Through this, they strive to give the hobbyist or commercial grower the peace of mind that they can reach new highs in their yields while doing their part in the cultivation of a greener future.

AVAILABLE SIZES

LIQUID: 1 L, 4 L, 10 L,
23 L, 208 L, AND 1000 L

LIQUID NUTRIENTS

MASSIVE BLOOM

- ✓ BLOOM BOOSTER

MASSIVE BLOOM is a comprehensive additive containing all the elements plants require to produce large, healthy flowers, such as L-form amino acids, a specially formulated

vitamin profile, a unique blend of carbohydrates, a chelated mineral profile, and a combination of essential nutrients like phosphorus and potassium.

DUAL FUEL 1 & 2

- ✓ BASE NUTRIENT

DUAL FUEL'S 2-part formula provides the nitrogen, phosphorus, potassium, and secondary

micronutrients that plants need at various stages of growth. Both bottles are used in a 1:1 ratio throughout the entire crop cycle, making it ideal for commercial growers with injector systems and novice growers wanting a simple solution.

REZIN

- ✓ RESIN ENHANCER

REZIN is an aroma and flavor enhancer developed to greatly increase the essential oil and resin production of flowering plants. It provides a readily available source of molybdenum (Mo) and vitamin B1 to aid with

plant growth and help convert nitrates into valuable forms of nitrogen and amino acids.

LIQUID WEIGHT

- ✓ WEIGHT ENHANCER

LIQUID WEIGHT is a supplemental blend of simple and complex carbohydrates that support the beneficial microbial life in the root zone. This leads to an increase in the absorption of

essential nutrients that help develop impressive aromatic flowers and fruits.

VITATHRIVE

- ✓ VITAMIN SUPPLEMENT

VITATHRIVE is a comprehensive additive blend of vitamins and minerals formulated for the vegetative stage of plant growth. This propagation supplement is designed to reinforce plant health

and support essential functions.

DRY SUPPLEMENTS

BUD BOOSTER

✓ BLOOM BOOSTER

BUD BOOSTER is a specialty flowering additive used in conjunction with your regular fertilizer program that delivers high amounts of phosphorus and potassium to promote blooming and assist in the plant's metabolism

during the flowering stage.

USAGE: Use at a rate of 1 tsp per 5 gallons when buds are forming and continue with every fertilizer application during the blooming cycle. Stop using in the last week of flowering.

HORTI-RAWK

✓ FLOWER HARDENER

HORTI-RAWK is a one-of-a-kind flowering additive that gives your plants a large dose of potassium (K) during heavy fruiting and flowering. By introducing a 0-0-62 straight potassium formula, Horti rawk ensures growers get the maximum weight out of their flowers when it comes time to harvest.

SOIL APPLICATION: Use 4-8 grams per 1 gallon of water once a week. Use in the last 3 weeks of flowering, allowing at least 1 week of flush. Use with water only.

HYDROPONIC APPLICATION: Flush nutrient reservoir of existing solution. 4-8 grams per Gallon of water. Circulate for 48 hours.

KARBO BOOST

✓ CARBOHYDRATE SUPPLEMENT

KARBO BOOST Karbo Boost is a powdered supplement that delivers an added source of carbohydrates for microbial life during the flowering stage. This encourages the rapid expansion of beneficial microbe colonies in the growth medium.

USAGE: Dissolve 1 oz (30 g) of Karbo Boost into 25 gallons of water. Use every watering throughout the flowering cycle.

AVAILABLE SIZES

DRY: FROM 500 G - 10 KG (22 LBS)
